Model Farm Road, Cork

### Construction Period

November 2015 – January 2016

### Design Team

#### Architect

Coughlan DeKeyser Architects,  
North Point House,  
North Point Business Park,  
Blackpool, Cork

#### Structural Consulting Engineers

JODA Consulting Engineers,  
Model Farm Road,  
Cork

### DESCRIPTION

This project involved the refurbishment of the entrance lobby & reception of the Manufacturing Building. Existing finishes & services were stripped out & replaced with contemporary finishes.

### KEY FEATURES

- Dust control was critical for the duration of the project due to the sensitivity of the Alcon manufacturing operations.
- Access to the Manufacturing facility was maintained at all times as the Plant operates on a 24/5 basis.
- Significant weekend work undertaken due to the Alcon operational times.
- Comprehensive permitting system in operation for the works.
