### Construction Period

November 2015 – January 2016

### Design Team

### Project Managers & Cost Consultants

Malachy Walsh & Partners,  
Park House,  
MahonTechnology Park,  
Bessboro Road,  
Blackrock,  
Cork

### DESCRIPTION

This project involved alterations & strip out of process lines & existing drains, reconfiguration of service yard facilities including drainage & process lines to live storage vessels.

### KEY FEATURES

- Daily communications and micro scheduling with on-site CMT co-ordinating truck movements in the Northern yard during the construction phase.
- All of the works were carried out in a live Process environment.
- Works undertaken out of hours in order to ensure that impacts to Heineken Operations were minimised.
- Works carried out within highly serviced areas.
